Critical Information Summary

ONsip BUSINESS 35

Description about the service

This is an IP based voice telephony service that is supplied over a fixed broadband internet service and a wired ethernet port that can be used to make national and international calls.

Minimum monthly charge payable: \$35 per channel per month (depending on plan chosen)

Maximum charge for early termination: \$1260 (see below for details)

Minimum term applicable: 36 months

The internet service may be supplied by any service provider. Each handset extension requires a minimum bandwidth of 100kbps of uncongested upstream and downstream for optimal quality. Call quality may be affected by the internet connection, firewall, hardware or other matters outside the control of GBNCo. Whilst 000 calls can be made most services connected to the broadband network won't work during a power outage. This means you won't be able to call 000 in a power outage. It's a good idea to have another way of contacting 000 in a power outage, such as a charged mobile phone. Calls to 1900, back to base alarms, fax services and EFTPOS systems cannot be used with the voice IP Voice service.

Bundling

This service is not conditional on any bundling arrangements, but we do provide other telco services that can be included on one bill. Please contact us for further information.

Mandatory components:

It is required that a preconfigured ATA adaptor is purchased and supplied by GBNCo or an IP card adaptor as supplied by the phone system maintainer, for the service to be connected.

Direct Debit is required before shipment of hardware. GBNCo reserves the right to credit check customers before approval and acceptance of an application for new services. The handsets remain the property of GBNCo unless purchased outright by the active customer.
